To Whom It May Concern

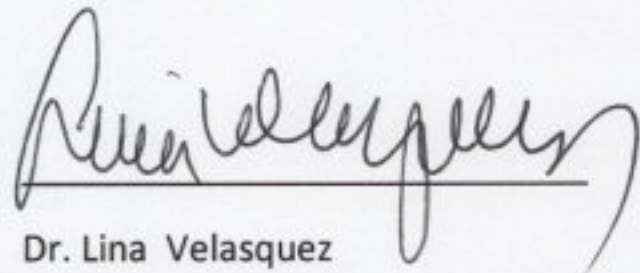

We highly recommend Pereff Development Group as a general contractor for your upcoming project. Mr. Pereff and our project manager Joseph Melo, built our beautiful clinic recently

Our start-up construction had been under multiple delays due to our previous Dental Consultant/ General Contractor wasting our build-out period without making any progress in the construction phase. Mr. Pereff and his team took the project over, and we immediately saw the difference. Their work ethic and their drive to work efficiently helped to meet timelines. They truly are problem solvers and delivered as promised.

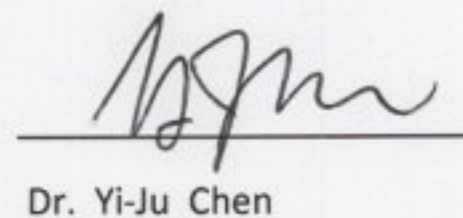

Throughout the entire process, Pereff Development Group maintained open and transparent communication, keeping us informed about the progress of the project and promptly addressing any concerns or questions that arose. Their ability to adapt to unexpected challenges and find creative solutions was commendable.

Overall, our experience with Pereff Development Group was outstanding, and we wholeheartedly recommend them for any construction project. Their dedication to customer satisfaction make them an excellent choice for your general contracting needs.

Sincerely,

Dr. Lina Velasquez
