To whom it may concern,

Finding the right General Contractor is key to any Entrepreneur / Business Owner. The right Contractor can save you time and money. Some of you may not have the time, or quite frankly, the competence (that's us!) to deal with the problems that can arise when building. We have used several different contractors in the Tulsa region, and have been burned badly, the scars are deep! However, we have had a great experience with Pereff Development, and recommend Stephen and his team to anyone. Their ability to anticipate issues, resolve concerns, meet deadlines, and save us time and money, were imperative to us running our business. Don't tell him I told you this, but Stephen built our Claremore Dental office in 8 weeks!

If you have any questions whatsoever, please feel free to reach out to me directly. Build your business, chase your dreams! If I can ever help you in any way at all, don't hesitate to reach out. I live in Jenks, and am happy to help you in any way I can.

Thank you!
